These are plain, painted wooden labels with copper wires and are just the thing for labeling your Dahlia clumps, when digging and storing. 40 for 20c; 90 for 40c. Postpaid to 4th zone.

THE WORLD'S SELECTED
PRIZE WINNING DAHLIAS

LAKEWOOD DAHLIA GARDENS

1654 Mars Ave.

Lakewood, Ohio

Wm. Kemter, Manager

GROWERS OF POTASH FED DAHLIAS

REMITTANCE. May be made in the most convenient way when sent with order. All prices in this list are for bulbs prepaid to your address.

GUARANTEE. All tubers are sent in a growing condition and true to name. Please notify us if any prove otherwise. The tubers are strong divisions of field grown roots and will be much stronger than those intensively cultivated, for the production of exhibition flowers.

FORWARDING. We ship tubers at planting time unless otherwise requested.

ORDER EARLY. To avoid disappointment. The stock of some of the varieties is limited.

NEW VARIETIES. Are being tested annually and only the very best are added to the list.

CULTURAL GUIDE. Plant after May the 15th to June 15th about 6 inches below the surface. Place the tuber in hole flat with eye turned up.

CULTURAL GUIDE. Plant after May the 15th. Mix 5 lbs. of bone meal and 1 lb. muriate of potash. Bone meal may be double if soil is poor. Two or three days before planting add one half pint of the above mixture to each hole where the tuber is to be planted and mix thoroughly with the soil. The hole should be about 6 inches deep. Place tuber in the hole flat with eye turned up, place stake beside tuber and cover with about three inches of soil. When three sets of leaves appear, pinch out the top, so as to allow the plant a chance to branch. Fill in the hole as the branches grow. Cultivate at least once a week and as soon after a rain as possible. Water very little unless the season is dry, when buds begin to form soak the ground twice a week. Fertilizer may be added August 15th. 1½ lbs. bone meal, 4 lbs. sheep manure and ½ lb. of muriate of potash. Scatter on the ground about 6 inches from stock and rake in.

ABBREVIATIONS. C. Cactus. D. Decorative. H. C. Hybrid Cactus. H. D. Hybrid Decorative.
